23 Weld Street, Hokitika | www.hokitikaregent.com

Penguins, Photography, Conservation

If one of these interests you, you will be in for a treat! If all three grab your attention, don't miss this unique opportunity!

Renowned photographer, Craig Potton, has travelled extensively in his quest for superb photographs of wild landscapes and the animals who live there. To support the West Coast Penguin Trust he is presenting two unique events.

Penguin Encounters, 27th November, 7.00pm

In his presentation, 'Penguin Encounters' on Friday 27th November, he will take us on a tour of penguin places around the Southern Hemisphere through his dazzling photographs and entertaining and informative tales, inviting us into a world few of us will see in person and challenging us to ensure it is protected for future generations.

Enjoy a complimentary Yealands wine or Monteiths beer from 7.00pm ahead of Craig's presentation at 7.30pm. Complimentary nibbles and tea/coffee will also be available before and afterwards. Following his talk, Craig will be available to chat with attendees while his images are reviewed on the theatre screen.

Photography Masterclass with Craig Potton, 28th November, 9.30am-1.30pm

A rare opportunity is available to just 20 people interested in landscape and photography on Saturday 28th November. Craig Potton will present a Photography Masterclass where he will discuss his own images as well as up to two photographs by each participant. The four-hour Masterclass will include morning tea. You may like to enjoy the Regent's excellent breakfast and lunch menu before and after!

Why not make it a special weekend and explore tracks and cycle around the Hokitika area while you are here? Take this opportunity to learn about the world's penguins, improve your own photography and support the West Coast Penguin Trust at the same time.
